		Balanced Fund	Emerging Markets Equity Fund <sup>3</sup>	Limited Maturity Bond Fund
			Developed International Index Fund <sup>3</sup>	Quality Bond Fund
				High Yield Bond Fund <sup>4</sup>

<sup>1</sup>Investing in small companies involves greater risk than is customarily associated with more established companies, due to increased volatility, less liquidity and less publicly available information.

<sup>2</sup>Real Estate Investment Securities involve risks such as refinancing, economic impact on the industry, changes in property values, dependency on management skills and risks similar to small company investing.

<sup>3</sup>International investing involves certain risks including political and economic uncertainties, in addition to currency price fluctuations not inherent in domestic investing.

<sup>4</sup>High-yield bonds are subject to greater fluctuations in value and risk of loss of income and principal.

All investing involves risk. Variable subaccounts will fluctuate in value based on market conditions and may be worth more or less than the original amount invested if the life insurance policy or annuity is surrendered. Read the prospectuses carefully before investing.

See the back cover of this brochure for additional information and disclosures related to the funds listed above.

The fees listed are the total annual fund operating expenses. Fees and fund managers are as of May 1, 2021 and subject to change. The fees listed are fund-level fees only and do not include any of the fees or charges associated with the underlying life insurance or annuity product.

See the back cover of this brochure for additional information and disclosures related to the funds listed above.

# Asset allocation doesn't need to be complicated.

You can invest with LifeStyle Asset Allocation Funds – a preconfigured mix of variable investments aligned with a specific level of risk. Each fund is evaluated and rebalanced quarterly, and adjusted when necessary, to maintain its intended risk profile.

## Conservative Allocation Fund

## Moderately Conservative Allocation Fund

LifeStyle Asset Allocation Fund investment percentage targets are current as of May 1, 2021 and are subject to change. Asset allocation is a method used to help manage investment risk. It does not guarantee a profit or protect against investment loss in declining markets.

## Moderate Allocation Fund

## Moderately Aggressive Allocation Fund

## Aggressive Allocation Fund
