## Guaranteed income for life

Annuities are the only retirement products that provide guaranteed income for life — for you, or you and someone else.<sup>1</sup>

## Income protected from loss

When we say your income is guaranteed, we really mean it. Your income is protected from the risk of market losses.

## Immediate income

When you make your one-time annuity payment, you'll start receiving your fixed income payouts right away.<sup>2</sup>

## Income payouts your way

You can choose to receive income for life or for a specified period of time. And, several income options provide a feature to help lessen the impact of inflation on your income.<sup>3</sup> Your financial professional can tell you more about all of your income payout options.

## Death benefit

We offer income options that include death benefits, such as allowing a joint owner or beneficiary to continue receiving income, or paying a probate-free lump sum to your named beneficiaries. Ask your financial professional for details.

<sup>1</sup>All guarantees are based on the claims-paying ability of the issuer.

<sup>2</sup>Single Premium Immediate Annuity is a single-payment product. No additional payments are permitted once the annuity is issued. The single payment must be a minimum of \$10,000. Your financial professional can advise you of the maximum payment permitted at the time you purchase your annuity.

<sup>3</sup>The Cost of Living Adjustment (COLA) benefit is available with non-qualified contracts only.
